- *be responsible for communications with awarding organisations, JCQ, and OFQUAL*

Training, support and guidance

This section of our Centre Policy outlines the training, support and guidance that our centre will provide to those determining teacher assessed grades this year.

Training

This section provides details of the approach our centre will take to *training, support and guidance in determining teacher assessed grades this year*

- *Teachers involved in determining grades in our centre will attend any centre-based training to help achieve consistency and fairness to all students.*
- *Teachers will engage fully with all training and support that has been provided by the Joint Council for Qualifications and the awarding organisations.*
- *Subject Leaders/ Head's of Faculty have been and will continue to attend weekly meetings and training sessions to get updates on the process. At our school this group of Middle Leaders is called the Curriculum Leadership Group, and they already meet on a weekly basis. Examinations is a standing item on that agenda.*
- *Curriculum Leaders have a clear direction on what is expected of them and their teams, and have documented how they are implementing the school Centre Policy in this regard.*

Support for Newly Qualified Teachers and teachers less familiar with assessment

This section provides details of our approach to *training, support and guidance for newly qualified teachers and teachers less familiar with assessment*

- *We will provide mentoring from experienced teachers to NQTs and teachers less familiar with assessment.*
- *We will put in place additional internal reviews of teacher assessed grades for NQTs and other teachers as appropriate.*
- *Curriculum Leaders are documenting how they have implemented this, so that we can ensure high quality support has been given.*

Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

A. Use of evidence

This section gives details in relation to our use of evidence.

- *Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations.*
- *We have implemented a common approach to our use of evidence. Our model is based around a 60%/ 40% weighting, with 60% of the final grade being based on assessments done under high control at the end of the 2 year course, alongside 40% being based on 5 other pieces of evidence. A small number of exceptions to this model (e.g. Art that is 100% NEA) have been documented. This is in line with OFQUAL and JCQ guidelines.*
- *The 60% Formal Assessment evidence has been gathered by using Additional Assessment Materials and formal examination materials, and sat under high control conditions in an exam hall environment, with full Access Arrangements in place from the SEND team. This was done in April/ May to reflect the guidance stating that evidence collected later in the course is likely to be more reliable. This also allows us to verify and authenticate the evidence as being the students own.*
- *The 40% additional evidence draws upon work covered across a range of assessment objectives, to help arrive at a holistic judgement. Curriculum Leaders have written a narrative explaining their selection of these 5 extra evidence sources, and this information is being shared with parents and students.*
- *We will ensure that we share with students and parents our rationale and reasons for selecting the tasks and evidence, and may share raw marks, but staff will not disclose any final grades, as we understand that this would be judged as malpractice.*
- *All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals. We are employing a company to scan in our candidate evidence since 24th March, so that we have electronic versions ready and available for external QA or Appeals. All raw marks and copies of Assessment Tasks with associated markschemes are being centralised in our MIS for ease of retrieval should we need quick access to them, for example during the Priority Appeal window in August.*
- *We will be using student work produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers.*
- *We will use non-exam assessment work (often referred to as coursework), even if this has not been fully completed.*
- *We will use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.*
- *We will use substantial class or homework (including work that took place during remote learning).*
- *We will use internal tests taken by pupils.*
- *We will use mock exams taken over the course of study.*
- *We will use records of a student's capability and performance over the course of study in performance-based subjects such as music, drama and PE.*

We provide further detail in the following areas:

Additional Assessment Materials

- *We will use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed.*
- *We will use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.*
- *We will use additional assessment materials to support consistency of judgement between teachers or classes by giving everyone the same task to complete.*
- *We will combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught.*

Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:

- *We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home. A 60% weighting is being applied to Formal Assessments that have been taken this term (April/ May), as these are under high control and are towards the end of the course, as this is considered to be more representative of a student's final grade.*
- *For Formal Assessments taken under high control conditions we are able to authenticate the work as the student's own. For work that was not completed with a high level control we will take all reasonable steps to ensure that the work is the student's own.*
- *We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.*
- *We will consider the specification and assessment objective coverage of the assessment.*
- *We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.*
- *Curriculum Leaders are documenting how they selected the evidence base for the courses they lead. This information is being published to students and parents.*

Determining teacher assessed grades

This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.

Awarding teacher assessed grades based on evidence

We give details here of our centre's approach to awarding teacher assessed grades.

- *Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.*
- *Our teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias.*
- *Our teachers will record the raw marks for each piece of evidence in our MIS system (Bromcom) for each subject cohort, and will share this with their Head of Department. Any necessary variations for individual students will also be shared. We will discount evidence that was not submitted, and consider replacing alternative evidence in special consideration cases, and document these variations.*

Internal quality assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

Head of Centre Internal Quality Assurance and Declaration

Internal quality assurance

This section gives details of our approach to internal standardisation, within and across subject departments.

- *We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document.*
- *Training videos and meeting slides are shared with staff in advance of marking and grading to ensure key messages are shared and understood.*
- *In subjects where there is more than one teacher and/or class in the department, we will ensure that our centre carries out an internal standardisation process.*
- *We will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:*
 - *Arriving at teacher assessed grades*
 - *Marking of evidence*
 - *Reaching a holistic grading decision*
 - *Applying the use of grading support and documentation*
- *We will conduct internal standardisation across all grades.*
- *We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.*
- *Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by an appropriate member of staff within the centre.*
 - *This will be documented by the Curriculum Leader/ Head of Faculty, and may use our links with other local establishments and Subject Network Groups.*
- *In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation.*

Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

Comparison of Teacher Assessed Grades to results for previous cohorts

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification

- *We will compile information on the grades awarded to our students in past June series in which exams took place (e.g. 2017 - 2019). We use SISRA collaboration data, alongside FFT post results analysis and ALPS to help with this. Faculty leaders will be meeting with SLT to discuss any anomalies, and “sense check” the grades before submission, to ensure the cohort have not been graded too leniently or too harshly.*
- *We will consider the size of our cohort from year to year.*
- *We will consider the stability of our centre’s overall grade outcomes from year to year.*
- *We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.*
- *We will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles obtained in previous examined years, which address the reasons for this divergence. This commentary will be available for subsequent review during the QA process.*

This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.

- *We will compile historical data giving appropriate regard to potential mixtures of A*-G and 9-1 grades in GCSEs. Where required, we will use the Ofqual guidance to convert legacy grades into the new 9 to 1 scale.*
- *We will bring together other data sources that will help to quality assure the grades we intend to award in 2021, for example FFT subject regression analysis, SISRA Subject Performance Index/ Collaboration Date.*

This section gives details of changes in our cohorts that need to be reflected in our comparisons.

- *We will omit subjects that we no longer offer from the historical data.*

Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

Reasonable adjustments and mitigating circumstances (special consideration)

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- *Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken.*
- *Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.*
- *We will record how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.*
- *To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: [JCQ – A guide to the special consideration process, with effect from 1 September 2020](#)*

Addressing disruption/differential lost learning (DLL)

B. Addressing Disruption/Differentiated Lost Learning (DLL)

This section gives details of our approach to address disruption or differentiated lost teaching.

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student.
- If students have been unable to submit evidence due to disruption in learning, we will discount that from the basket of marks used to judge the overall grade, or replace it with alternative evidence if appropriate. The vast majority of students will have their grades determined by considering the same evidence base in the subject cohort, unless Special Considerations apply.

Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

Objectivity

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.

Senior Leaders, Heads of Department and Centre will consider:

- *sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);*
- *how to minimise bias in questions and marking and hidden forms of bias)*
- *bias in teacher assessed grades.*

To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:

- *unconscious bias can skew judgements*
- *the evidence presented should be valued for its own merit as an indication of performance and attainment;*
- *teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;*
- *unconscious bias is more likely to occur when quick opinions are formed; and*

Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.

Our formal assessment papers (60% of overall grade in most subjects) are anonymised, with students using candidate numbers only, to mitigate any unconscious bias when being marked.

We are also standardising judgements with samples of anonymous evidence being double marked by partner schools and subject network links.

Recording decisions and retention of evidence and data

This section of our Centre Policy outlines our arrangements to recording decisions and to retaining evidence and data.

C. Recording Decisions and Retention of Evidence and Data

This section outlines our approach to recording decisions and retaining evidence and data.

- *We will ensure that teachers and Heads of Departments maintain records that show how the teacher assessed grades process operated, including the rationale for decisions in relation to individual marks/grades.*
- *We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.*
- *We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions.*
- *We will comply with our obligations regarding data protection legislation.*
- *We will ensure that the grades accurately reflect the evidence submitted.*
- *We will ensure that evidence is retained electronically or on paper in a secure centre-based system that can be readily shared with our awarding organisation(s).*

Authenticating evidence

D. Authenticating evidence

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- *Robust mechanisms, which will include careful consideration of evidence selection, and the use of high control assessments in class/ formal examination hall settings, will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.*
- *It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations to support these determinations of authenticity.*

Confidentiality, malpractice and conflicts of interest

Confidentiality

This section of our Centre Policy outlines the measures in place to ensure the confidentiality of the grades our centre determines, and to make students aware of the range of evidence on which those grades will be based.

 - *failure to engage as requested with awarding organisations during the External Quality Assurance and appeal stages; and*
 - *failure to keep appropriate records of decisions made and teacher assessed grades.*

- *The consequences of malpractice or maladministration as published in the JCQ guidance: [JCQ Suspected Malpractice: Policies and Procedures](#) and including the risk of a delay to students receiving their grades, up to, and including, removal of centre status have been outlined to all relevant staff.*

Conflicts of Interest

This section of our Centre Policy outlines the measures in place to address potential conflicts of interest.

C. Conflicts of Interest

This section details our approach to addressing conflicts of interest, and how we will respond to such allegations.

- *To protect the integrity of assessments, all staff involved in the determination of grades must declare any conflict of interest such as relationships with students to our Head of Centre for further consideration.*
- *Our Head of Centre will take appropriate action to manage any conflicts of interest arising with centre staff in accordance with the JCQ documents - [General Regulations for Approved Centres, 1 September 2020 to 31 August 2021](#).*
- *We will also carefully consider the need to separate duties and personnel to ensure fairness in later process reviews and appeals.*

External Quality Assurance

This section of our Centre Policy outlines the arrangements in place to comply with awarding organisation arrangements for External Quality Assurance of teacher assessed grades in a timely and effective way.

A. External Quality Assurance

This section outlines the arrangements we have in place to ensure the relevant documentation and assessment evidence can be provided in a timely manner for the purposes of External Quality Assurance sampling, and that staff can be made available to respond to enquiries.

Where student evidence produced after 24th March is not available, this will be clearly recorded on the appropriate documentation.*
- *All staff involved have been briefed on the possibility of interaction with awarding organisations during the different stages of the External Quality Assurance process and can respond promptly and fully to enquiries, including attendance at Virtual Visits should this prove necessary.*
- *Arrangements are in place to respond fully and promptly to any additional requirements/reviews that may be identified as a result of the External Quality Assurance process.*
- *Staff have been made aware that a failure to respond fully and effectively to such additional requirements may result in further action by the awarding organisations, including the withholding of results.*
